“ I hadn't known Joe long but considered him a dear friend and we had our love of our dogs in common. He was there for me when I lost my beloved pair last year and I passed on some of their things to Jules. When going to my car or outside with the dogs, I always looked for Joe and Jules out in the yard to be able to say hi. With that said, Hi Joe! I miss chatting at the fence.

“ Joe was such a lovely neighbor. I always looked forward to seeing him and Jules walking by every evening. I always hoped we'd catch them outside to say hello when she was no longer able to go on their walks. He was such a kind and friendly man and was so good to that dog.

“ He really was! I moved in next door a few months ago and loved seeing him with Jules. He took such good care of her. I'm glad that at least I got a little bit of time to know Joe. He was a wonderful person.

“ I have known Joe since grade school. We played football together for years, grade school and high school. He was like a block of granite to block. Joe and I were friends for years. He was a very friendly person, do anything for you. I was saddened to hear that he passed.

“ Albert or , Joe as I knew him, and I worked together for many years and there was not a kinder or gentler man who would do anything for you. We had not been in touch for many years but I still thought about him sometimes. He will be missed.

“ I first met Joe as a freshman in our homeroom at Scecina Memorial High School. Our last names began with S, so we shared homeroom, as well as some academic classes, for the next four years. I recall our lockers were also close because of the same alphabetical system. Joe and I became good friends as I learned to value his sense of humor and his easy way with classmates. He was always kind and unselfishly interested in others' well-being. I am saddened to learn another friend from the past has left this world. I pray Joe will rest in peace as he enters eternal life. May his survivors find comfort in knowing he will be fondly remembered by others.

“ I went to school from 7th to 12th and two years at an electronics school in Louisville. He was a great friend and more importantly, a good person. I wish his family comfort and peace. Joe's in a good place.

“ I didn't know Joe very well in school, but I remember him being a very good guy (and a good foot ball player).
