My sisters Eva and Lisa, are also saddened by his loss. We all have great memories of him, especially Eva. She met her husband, Vahe in Physics class. They were lab partners. “ Much sorrow for hearing of the death of Mr. Neff! I think he understood how freaked out I was that he was the bowling team with my father; being a typical teenager I thought all those two had in common was to talk about me! He also started the science class late and chuckled to hear the kids who sat in the back of the room and couldn't fit into a group rag at each other in their own little group! Much love and compassion for your loss of such a great guy!

“ Janet, Carl, and Carrie

Our thoughts are with you at this time of loss. Our fondest memory was visiting your New Jersey home when the kids were young. We had such a great time in your pool and with games in the back yard. Hank was such a jokester and had us laughing the whole vacation. I also know the boys loved visiting in Indiana when you lived near Bloomington. Hank had an amazing presence that always had them captivated and laughing as well. We will all cherish our memories of him, and look forward to celebrating him with you all someday soon. We are sending a memorial gift to the Wounded Warriors Project in his honor.

Love from David, Deb, Eric, Susie, Andrew, and Luciana Rinaldi Gant
