“ Although I have many memories of Jack from the several years we worked together at Ritron, my most vivid memory is one of walking past Jack's work area completely surrounded by a battalion of Pez dispensers.
May your heaven be filled with all that you held dear while visiting.

“ RIP Jack - A thoughtful human, a caring person, a funny guy.
I'll always remember you pulling into my mom and dad's driveway with your 1970 Chevy Chevelle SS396 Hardtop Coupe on the 4th of July.....You had a huge smile beaming out from under your red mustache - was a sight of beauty!
Godspeed to you and condolences to your family.
