“ You inspired me in more ways than you ever knew!!! I will always cherish our volunteer time together at the shelter, I watched you at Dog Days to make sure you were out of the sun and were sitting down....I will never forget sitting with you while we were waiting for you to meet Hank. Rest In Peace my dear friend and know I love you.

“ I first met John on my first day as Office Manager at the Greenfield shelter. He welcomed me warmly and we became friends from that day on. He had been a long time volunteer at the shelter for several years before I came there in 2010. He was my mentor, answering questions and helping whenever and wherever needed. He introduced dogs to prospective adoptors, walked them and played with them and helped to evaluate matches between animals and humans. His heart was always for the animals but he also stood up for those of us that worked in the shelter. He always had our backs. He was always the first to help out at fund raising events, particularly "Dog Days of Summer". He manned the rabies shot/microchip booth for all the years that I was in charge of the event. I never had to worry about that part of the event because I knew John was on the job overseeing and helping our vets, vet techs and other volunteers to keep order. The pictures below show him enjoying the day at "Dog Days of Summer". He impacted so many people and animals with his kind and calm demeanor. We are all better for having John in our lives. RIP dear friend. We will miss you forever!
