“ It's with deep sadness that I and Shirley's other former neighbors and friends on Weigelia Road have upon hearing of her passing. We appreciate the sweet obituary and pretty photo of Shirley that is in today's Atlanta Journal and Constitution paper. I have written an announcement of her passing with a link to her obituary and sent it out on our neighborhood yahoo's group email. I knew Shirley since 1980 when we moved to Weigelia Road & always appreciated her and John's contributions to our neighborhood. We still celebrate the John Langtim Memorial 4th of July Parade. John started it in 1980 & John's friends then continued it as a memorial to him. Shirley hosted the "after parade party" in their back yard until John passed away. She then participated in the parade and had made several Parade photo albums through the years and would bring them out each year after the parade - for many years. I would always admire how perfect her hair and clothes always were. It was such a pleasure knowing Shirley over the many years she spent in Atlanta. I send my sincere, heartfelt condolences to her family. Helen Schroeder
