“ I was deeply saddened to hear of Mr. Finnegan's passing. He treated me as a true friend and not just as a friend of his sons, and I considered him a friend as well. When we talked, he made me feel as though I were the most important person in the world. He was interested in everything I or anyone else had to say, which made him a great conversationalist, and he seemed to be a friend to all he encountered. I know he was a devout man of faith, and this was evident through his kindness. Some phrases that come to mind in describing him are "salt of the earth" "down to earth" and loyal, and I see him as a role model in these respects. We spent many fun gatherings together, from the New Year's Eve parties at Brockton to various St. Patrick's Day celebrations (especially the one where we decided to go to Ireland at 10AM; I'm sure that would have been some trip!). More recently, I'm grateful for our "boy's night out" last summer, driving him home after Linda's birthday party, and our phone conversation in early April. It was a privilege to have known him, and I will miss him. May he rest in peace!

“ I have known Bill for approximately 40 years as he is my daughter's father-in-law. He is a wonderful man, so kind and a joy to be around. He is more like a brother to me. We always celebrated Thanksgiving and Easter together (most of the time) and some Christmas Eves. I will really miss him. We were family.

“ I worked with Bill at Allstate, golfed with him in our golf league where he would bring Mike in as a ringer. Enjoyed Christmas parties with him and Mary.

We would on occasion have a cocktail after work and I especially enjoyed seeing him at our retiree lunches.

He was a true gentleman, mentor and friend.

I'm sorry for your families loss.
