“ There's so many memories of Adam as well as the whole Kosowan family. I can't list all of them that our family has held for years. Here's a few that I will bring us all SMILES, during this huge hill we all have to climb together and forward.  
Adam and my girls getting in a paper barrel and rolling it down the steps to my basement. This could have been any one or all three of their ideas but we could hear them laughing as they toppled down every step.

*The day Adam became a father. He was so over the moon that night if possible he would have flew over the top of the hospital like a superman!*

*He got up al night to make a bottle yet never forgot his beanie while half asleep taking care of his precious daughter.*

*He was of a very unique character and personality. He wanted everyone to be happy around him to vision. We would have a bad moment and here would come Adam to make us laugh so hard we could of cried.*

*If someone one needed a lift of spirit or a ear to listen...it was Adam that all of us knew would be that person to be our sounding board, while at the same time Adam was crushed internally by his own private life. He wasn't a burden to anyone else...he locked it away to his own self!*

*RIP Adam*

*Never forgotten*

*FOREVER, you shall remain in every heart, mind, and soul that you ever CROSSED in the path of life will be with you.*

*Love always*
