Charlotte Hughes

I had the privilege of working with Barb for several years in the PACU at St. Francis (Beech Grove) we had a lot of fun and laughs together. I was proud to call her my friend. My prayers go out to her family. May the Lord comfort each of you during this time of loss.

Charlotte Hughes - July 21, 2015 at 09:34 PM

“ *Barb and I worked together at St. Francis Hospital in recovery room and ambulatory surgery for ten years. She was intelligent, kind, compassionate, calm in emergencies, a great teacher and a hard worker. She also had a great sense of humor and we had some great times together. I will miss her very much.*

“ *There will never be enough space to ever be able to document the memories that all have had with Barb. She was a woman of class, dignity, intelligence, strength that I have never seen in anyone, and had an apparent infinite love of her family. Her nursing career started out at Wishard in the CCU where she was the assistant director. I don't believe anyone will ever be able to calculate the number of lives she touched and saved there. I was lucky enough to work for her when she was the Director of Nursing for a unit within Johnson Memorial Hospital. From that moment until last night, our friendship has meant the world to me and even though I am gonna miss our marathon phone calls, I know she is with Jeff and Don once again and I take comfort in that.*

JO

Well said Jennifer. I remember the interview she gave me when I started working for her. She ask me if I believed in myself. I looked at her and said of course. I will never forget that smile she gave me and ask me if I would accept the position. The rest is history. Barb was fearless, I believe she was one of the strongest women I have ever known. I will never forget her laugh, smile and the click click click of the heels she wore. By the sound of the click of her heels you knew what sort of mood she was in. I love this woman. Rest in peace Barb, I cherish our friendship and memories. I will never forget you.
