“ Barbara always said i was her angel, but i always felt like she was mine. The love she showed me since day one made me feel special and so blessed to have her in my life. Im going to miss our talks. Im going to miss your extremely funny personality. We had a lot of fun together, from going to the movies, out to eat, or just sitting around chatting. Now i have to process this life knowing you're away in a better place pain free. God has an angel hopefully you're still mine. Love you forever and a day.... Catrice

“ *Barb thank you for saving my life!! Remember I told you I passed out when I got out of bed on two different occasions. You told me to get to the doctor right away and said I had two mini strokes. Well I went to the doctor and had an xray and sure enough I had 2 mini strokes and was put on medication. Barb just treated me like one of kids. I would have never gone to the doctor if I hadn't talked to Barb. Thanks again Barb you saved my life and I love you dearly. Bobbie Seitz*
