“ Next time we see you it'll be behind those golden gates. You were the best grandpa, man, friend. An all around great man. I'll miss you so much. I'll be forever grateful for the change and love you've put in my life

“ Well later today is the day we say our final goodbye. I'm not ready to do that yet even though I know your gone, hopefully fishing and drinking a cold one. I did do what you ask with help from Nicolle as I'm sure you knew she would. I just hope you know you, you were the best dad a girl could ever ask for. We didn't always see eye to eye but we did understand each other. Thank you for being you... A man of honor, respect and a man who loved unconditionally. I don't think I would be who I am today if it wasn't for you dad. I love you and I'm going to miss you deeply.

“ Hands down and all around the best person I've ever know and I'm glad to have known him and to have him as a friend in this life. He will always be kept alive in my memory and heart as long as I live and shall aspire to be as genuine and true a person as I possibly can be through the rest of my days so he shall live forever in myself and others dear to him and myself now that he has moved on to a higher place of peace while he will wait for each of us to be reunited again someday.
