“ I will forever remember the summer vacations to Florida with your family, the hours spent playing barbies or house in your basement, the sleepovers at my house, the bike rides, the walks to VP as we got older, the hours spent at the park, even the fights and arguments. You and your family were a huge part of my childhood and what made it great. I wish things would have turned out different but I will always remember the good times. Rest in peace my old friend.
