“ This guy will be sorely missed. Bruce did not have a mean bone in his body, just a big teddy bear. There was always a comfort in knowing he was around, you might not talk to him for extended periods but it was ok because you knew he was there. Prayers for the family. I suppose it is okay to mention the time in 1968 when he had that blue Chevelle and we were tooling around Oaklandon and he shot past a county sheriff and kept on going. Left him in the dust, I think Bruce wanted to try out the new Hurst shifter but I never did ask, took me a couple of hours to quit shaking. Yes we were young and dumb but must've had an angel on our shoulders.

Brian, a great memory. I remember the Chevelle well. A three-speed on the floor. It was our road-trip car to NY. He will be missed, but we can keep him alive with these stories. Dave

“ *Brother Bruce you left us way too soon! But you always did things on your own terms. I will always cherish your friendship. I often think of our great road trips to NY and CA in our early adult life and when you visited us in CA. I will miss your wicked sense of humor, warmth, support, but most of all not getting to talk to or see you again (for a while...). My thoughts and prayers to your parents, Bruce and Betty, and your family for this sad time. In closing, I'm very sorry I cannot be there for a formal goodbye. But I will continue to celebrate your life and friendship. You will be missed!!!*

“ *What a sad time. Bruce was such a kind, generous person with a great sense of humor. I'll never forget how happy he was when he convinced my brother Bob and me to eat the chocolate covered insects! I know he thought the world of you both. With heartfelt sympathy, Marty (Morford) Peck*
