“ I realize this will probably be too late to be seen by the Berry family, but I felt compelled to write. I was recalling, just today, my Air Force career and specific people who made a difference in my 22 years in the Air Force. One of the most prominent was (then) TSgt Cad Berry. He was my first boss at my first assignment, Hunter AFB, Ga in 1960. He was a tremendous supervisor and leader and started me on my path to a successful career. I retired as a Captain in Burkburnett, Tx in 1982, after 12 years in the enlisted ranks. I wish I had known that he lived in Hamilton at the time I was here at Sheppard and Goodfellow Air Force bases. My family and I have lived here in North Texas since 1978. I was not surprised in the least that he retired as a CMSgt. He always displayed the character and professionalism to achieve that highest level. He will forever be in my memory, as he has been for the past 59 years.
