“ I did not see this till last night.....I am so sorry to hear of Carl's passing. He was my boss at IMS (yellow shirt). Never was there any better boss that I encountered. He made working at the track fun, we knew what we had to do and just did it without being TOLD what to do. When he left I started to lose interest in being a yellow shirt and quit two years later. It just was not the same without him. We stayed in contact off and on since mostly about the Colts and some other things. We will miss this great guy very much.....till we meet again!
