“ I wanted so badly to call you the other day and tell you my dream of seeing an erupting volcano with lava finally happened. It was so hard not being able to pick up the phone and share this news with you. But I have a feeling you may have already known this. I snapped the last picture unknowingly with the rays of sun behind the cloud. I feel like this was a sign that you were there and you helped make this dream a reality. I love you and miss you bigger than the sky.

PS...Baby Atlas says hi and he loves you!

“ I miss you, Mom. Losing you has left a huge hole in my heart that I know no one else can ever fill. You were such a beautiful, kind woman, and I was blessed that you were my mom. I know you are at peace and are finally with your mother, I imagine that was a beautiful reunion. I love you so much!

“ Susu my little sis. Could not say sister growing up, just susu. You are so loved. Gad has a special place for you with mom. Life got in the way so we did not get to spend much time together, but we shared so many things. Love of animals, country, freedom, fishing and a reverence for God. Susu I miss you. Love for always. “ Carol had a license plate of an eagle. She said she couldn't put it on her car and asked me if I would like to have it. I said yes, if you're sure you don't want it, I would love to have it. She said, well I can't use it. So she mailed it to me, it was beautiful! Then I found out I couldn't put it on my car either. 😞 When I told her that, she asked if I would mind sending it back and I said, absolutely. I'll always remember that, fondly. I'll miss you Carol! ❤️
