“ Carol and I have been friends since second grade at St Lawrence Catholic Grade school. We spent a lot of time at each other’s houses. We walked to school together. We also spent one year of going to high school together at Chatard. We had a lot of slumber parties at each other’s houses sometimes sneaking out the window to switch for sale signs in other peoples yards. I will miss our conversations on the phone so much always ending with. I love you bunches.

“ *I was so sad to hear that God has taken one of our beautiful angels to heaven with him. She will be missed on this Earth. I had wonderful conversations with Carol, every time we had the opportunity to talk even up and including to the time of her illness always very positive and uplifting. I will truly miss her but I know she's in great hands with our God and no pain. Rest peacefully My dear friend. I know we will see each other again in heaven and continue our wonderful conversations.*

*Carol was always a ray of sunshine every time we were together, in person or on the phone. She was easy to love and be around. I'm glad we had the chance to become friends and I consider it to be an honor to have been her friend. I was shocked to hear of her passing. She will be missed so much.*

*I am going to miss my dear friend so much. We have been friends since second grade. We lived in Brookhaven, where Carol Judy and I would have so much fun riding around the neighborhood on her bicycles going into the woods to smoke a cigarette. Walking to school together at St Lawrence. And then for one year we went to Chatard high school. I have so many stories about us, but I don't think that I can share them all on here. I will keep them in my memory forever. I love you bunches Carol I will see you soon in heaven.*
