“ *I met "Grandpa" approximately 14 years ago. It was an honor and pleasure to be able to spend the time to know the caring gentleman that always put family first and made sure to do his best to make their lives were full with love. Stubborn to the end but he wouldn't have it any other way. Salute kind sir, may you relax now and know you did your family proud as you often said, they did for you.*

“ I remember meeting Don at a golf course many times. My sons and Nick, his grandson, played golf together. I always thought how lucky Nick was to have such a great grandpa and how much Nick loved him. Thinking of Nick and the rest of the family at this difficult time. “ *I met Lieutenant Colonel King through his grandson, Nicklaus. Nick had been a student of mine while he was in middle school. Colonel King was an impressive gentleman who cared deeply about others and his actions in life certainly showed it. I will always be grateful for his influence on Nicklaus during a time in which his guidance meant so much. Colonel King accomplished what we should all strive to achieve: The world is a better place because he helped to make it so. My deepest condolences to all of his family and friends.*
