“ I am fortunate to have had the opportunity to meet Danny Purifoy. I met him only but a handful of times and each meeting was brief in its own way. What I recall most is that each meeting was as if I was talking to a good friend. He was genuinely interested in what you had to say. A feeling as if a long bonding friendship had been developed over many years and yet I had just brief meetings with him each time. Having the ability to make people, even strangers feel as if they are your best friend is truly a blessing, a gift.

I have been told that in life there are people who will come and go in our lives. All will have some type of impact on our lives. Some will provide clarity to help one to frame out in life what is truly most important. Danny Purifoy is one of those people who helped me to understand this fact. I am grateful to have shared in those opportunities to meet Danny Purifoy. He has truly impacted my life as I am sure many others.

Our thoughts prayers go out to the Purifoy family.
