“ Danny, you are my little brother and it's not real to me yet, that you left us so early in your life. It wasn't supposed to happen this way. You would have been so proud of the service that your daughter Dana and her family put together for you. It was a celebration of your life and accomplishments, of which there were many. I think you would have been so pleased to see so many friends and family who came to honor you. Rest In Peace little brother. We love you and will miss you so much.

“ I was sorry to hear the news on Danny. I have known and worked with him for number of years in the Cable Industry. He was always there if you needed him and I was grateful when he came to my Dad's and my Wife's (who he knew and worked with as well.) Peggy visitation and funeral services. I am sad that I will not be able to attend his visitation and Funeral services due to travel with work but I will miss him as a friend and to visit with those who knew him as well and the memories we shared.

“ When my brothers and I were little Danny used to stay with us when our parents went out occasionally. One night he and his friend Steve were staying with us while our parents, his older brother, went out. We had a big Boxer dog. When our parents came home Danny and Steve were on top of the refrigerator with the dog guarding them. Needless to say us kids had a pretty good night. Danny was always fun to be around and always, always good to his nieces and nephews.
Love you and will miss you!
