“ You are missed! There is a void in our home and nobody to say "who is it" when we come in the door. You would love these sun filled days, but I know you're having better days than us. Love you!

“ I just wanted to say I miss my favorite father-in-law, Dave Ohrn. It was such a great pleasure having you in my life for the past 7 years. I have always enjoyed being there for ya and helping when I could. You are missed and I always look into your room when I pass it. I miss our daily morning car rides and you singing to the tunes on the radio. I have been blessed by having you in my life and I want to say thank you for being there for me, as not just an IN LAW but as a Father and a FRIEND. It has meant the world to me and as I told you, I will take care of your Baby Daughter (as you always called her) with love and respect.

*Love and miss you,  
Your Favorite Son-in-law Gabby (as you always called me)*

*Yes, baby girl. It was a blessing to be able to have him live with us. I'm so happy that we were able to do it so he never had to live in a nursing home. He was able to be happy until it was his time to go and that's awesome! He enjoyed seeing you all the time and Max too! 😊 I know it's hard not having him here now, but think about all the great memories and tons of pictures you have (selfie queen 🤳) to keep him close. I love you Savannah Lynn and so did Papaw! 💙*

“ *I remember being a young girl about thirty years ago, and my parents, Chris and Willie Baker, would go to Indianapolis and visit. On those visits, the memories that holds onto me to this day, is of my Grandpa Dave and I taking off on our sunny walks to the local school yards we would go. Grandpa always took me on these walks, and we would play on the school playground, we would fly kites, and we would laugh and have a great day being together with one another. I also remember Grandpa loving his little workshop, and was quite the artist with wood, to which he made a beautiful jewelry box, engraved with my birthdate and name. More than anything I have to be so very grateful and thankful for my Grandpa Dave, for having his eldest of three daughter's, Christina Baker, whom I get to call Mom. I am so sorry for your loss, Mom, and I know Grandpa Dave is with me when I say to you, Happy Birthday, make a wish! Oh, and my Grandpa Dave loved to tap his ring on his aluminum cans to the beat of the music! And he also passed down the most annoying and sometimes a little embarrassing, because we do it without a second thought, and by then, the cat's out of the bag, but to his daughter's, and then me inherited it that when we give teasingly rough, fun, love to our children, or grandchildren, even the cat's and dog's, we have to bite our darn tongue! Love you, Grandpa Dave!*

*He was one of a kind! He always had Russell, Savannah, and I cracking up laughing these last several months when he moved in with us. He never lost his sense of humor, no matter what he was going through, and I admired that. I told them we should be writing down all the stuff he and make a book! 😂*
