“ To my Hendricks sisters and their families.....I was blessed beyond to have known and loved your parents and the two of you. Dollye was one of my favorite "Mom's friends". I always enjoyed reading her letters and getting updates about your whereabouts and events in your lives. That way we stayed close in heart and always near in thoughts. My parents loved both your parents very dearly and spoke of them often and wished we were closer in proximity after they moved to Indy. But we loved our Louisville visits and never went away hungry. One of the best cooks I've ever encountered; she could have been the next Paula Deen! I pray for your comfort and peace in these first days/year.....they seem to be the hardest to endure. We love you very much and are thankful that sweet Dollye has earned her angel wings and followed Billy Graham home to Jesus. Ellen commented that she though that was very fitting!

God bless you always!

Miss Dollye has always shown such love and hospitality to my family. As a young married couple, Miss Dollye invited my husband and me over and taught us about fellowship and how to make a mean peach cobbler! I still have her hand written recipe. She encouraged me as a new mother and loved my children as her own. She was known as "grandmother" and told me that my redheads could be her own! We are so grateful to have known her and rejoice that she is with Jesus and reunited with Merv. Our deepest sympathies~
