“ *There are no words to express how much this beautiful woman meant to me. She was like my second mother. She showed up at all my school things, pushed me to try things I normally wouldn't have done and when I needed her most, she always showed up. I am so grateful for the memories and the bond we shared. I'm so grateful that when I came to visit the last few times she let me wash her hair and help take care of her. Those moments meant so much because I remember all the times she took care of me. She had the biggest heart and loved with all her heart. She didn't mince words and gave us all tough love when we needed it the most. She made such an impact on my life and I am forever grateful to have had her in my life. I love you Aunt Eileen, I always have and I always will. ❤️*

“ A couple of my favorite memories include staying late at Warren central to walk out back to her bus to get a hug and she was giving her rider's candy. I was surprised with the same goodies that she was giving to her riders. And then few times I would see her in me neighborhood with the Mr. Frosty truck. She would let me ride and even help my friends with orders. I always got the bomb pop. Many other special memories as well. My heart is saddened for everyone. I am thankful to know I will see her again.
