“ I remember Mom Squire as always greeting me with warm and welcoming smile on her face. And when Debbie told me that she was tickled that I had called her Mom, I felt special that she let me. I didn't have anyone to practice with, so my sign language skills were very limited, but, somehow, I always felt like we connected and were able to communicate well in spite of my limitations. I feel lucky to have had the opportunity to get to know her and loved the time I was able to spend with her. She was well loved and will be missed by many.

*My deepest sympathy to the Squire family on your loss. May your many fond memories bring you comfort during this time of sadness and loss.*
