“ Gary was a big impact on my life and career. I worked with Gary at the start of my Engineering career. I worked for a supplier and worked in Quality and directly with him. He guided and directed me and helped me at the start of my career 25 years ago. I looked to Gary as a Mentor and I always looked up to him and respected him. He definitely was a great man and had a big influence on me. I am just now seeing this sad news and it is with tears, thoughts and prayers for his family, that I light a candle to honor Gary's wonderful life and the wonderful impact he made in mine! God Bless Gary and his Family!
