“ I remember the last time we spoke, I was on FaceTime we with Grandma, and you got in the camera and asked me how we all were and I asked you how you were and you told me you made it to 85, you were just smiling and so happy. Your heart so pure and good, after we spoke, you were standing next to her and she said "what Gene?" You leaned in and said "kiss" she said oh okay, small peck and grandma said I'll be to bed in a minute to which you replied standing next to her "okay im waiting on you" her response was oh okay with that smile of hers. You said Judy and she looked up and you said "I love you" and kissed her lightly again. At that moment grandpa I knew what true love looked like. You were such a beautiful soul and the earth never deserved you, but Grandma sure did. We will miss you ❤️
Love your grand daughter Shonda

“ *You were so special to me. I remember Puff and I would get so spoiled by you and Grandma Geraldine. My fondest memories are of you driving us around everywhere in that brown Van, you falling asleep in church at your greeters seat and your love for life. You will be truly missed and I love you dearly!*

Rest In Peace~ Amanda
