“ Since I learned of her passing, I have been reflecting on our time and interactions together. Aunt Jodi was always super nice to me and never had a mean word towards me. She treated me like one of her own. I will always remember visiting her house in Michigan when I was just a kid. More recently, I remember the times we spent together when my wife and I visited Indy. We went to her house and hung out and talked. Aunt Jodi and I had shared our love of cats, and talked about the fun of camping. She would always send a card at Christmas. She always had a great sense of humor and was quick witted when the time arose. Furthermore, even in the sort periods during our visits, I would always get a laugh or chuckle when she put her two-cents into the conversation. I only wish I could have visited back home more often. I cherish the times that we were able to spend together and will miss both her, and her keen sense of humor. I have told, and will continue to share with my grandchildren the memories that are tucked away in my head and heart of you. I will miss you auntie.

Love your nephew, Zane

p.s. save me a camping spot next to you in heaven!

“ *Jodi and I were in the Tech Band 1950 and we both played saxophone. We have continued our friendship through the years. At Tech we belonged to The Tozies Club and still kept in touch with the other members. Jodi taught me how to drive. We played basketball for Woodruff Place Baptist Church. In later years when she moved back to Indiana we got together for Holidays and birthdays. We took a trip to upper Michigan with my daughter JoNel. Jodi loved Michigan. I will miss our long talks on the telephone as we would talk about anything and everything for a couple hours at a time. She was a great friend. I know I will see her again in heaven. I know by His Stripes she has been healed. Praise God! She was a humble gracious friend and I have great memories.*

“ *Jodi was a good classmate at Arsenal Technical High School. She was fun to be with and always thought of others. We renewed our friendship years after our graduation after our 50th reunion. About 8 years ago we formed a group called the "Class of 1951 Lunch Bunch" and Jodi was an important part of the group. We will certainly miss her presence, but have the assurance that she is now with our Heavenly Father. On behalf of the Tech Class of 1951 we extend our thoughts and prayers to her family.*

“ I have known Jodi for over 50 years. I was around 10 years old when I first met her. She was so funny and I loved being around her as a kid. After Kevin was born, I went with her and all 3 boys on a camping trip. I was supposed to help her with the boys as I was 12 or 13 years old. During the trip, Kevin (who was an infant) vomited all over the back seat and when we arrived at the camp site it began raining. We kept the boys in the smelly car while we set up the tent in the rain. It was a week-end trip and it rained the entire time we were there. Jodi never gave up trying to have a fun time for the boys. She was so loving and kind. As I grew into my early teens, I babysat the boys every Tues. so she could attend Sweet Adelines. Eventually, I became old enough to join Sweet Adelines and we sang together. As an adult, with 4 children of my own, we traveled to North Carolina for a multi-family vacation near Nags Head. It was a wonderful time and again she allowed me to see her wonderful sense of humor. I loved Jodi and always will. She never thought highly of herself but instead was very humble. She probably never realized what a special person she was, especially to me. Nikki
