Greetings! I was a former patient of his. I came too late to understand that Dr. Mitchell had demised a few years ago. I want to give my condolences to the family. Dr. Mitchell was an excellent Doctor and fine human being. He knew how to treat patients like people, including children.

“ *Luann, I am sorry for you loss but it's nice that John has a new body now.*

I was unable to attend as I just had a total shoulder replacement. I will miss

seeing John at church as he was truly inspiring. What a dear sweet man of God.

I pray that you will have comfort at this time.

“ *I first met John at the Alpha Course at Faith Church, where he was "in charge" of the book table. We immediately connected, partly because of his love of books, but also because he told me that his son (Brad) was pastor of a big church in Lansing, MI (which just happened to be my church when I was in college). Small world.*

John and Luann helped me when I was out of work--hiring me to do various jobs around their house.

Great man with a great legacy.

See you soon, John.

“ There are so many memories of this fabulous man. He introduced me to photoshop and we were up late unlocking the magic that it brought. There are so many personal spiritual conversations I recall as well...he cared so deeply about the Godly path that his patients and coworkers were on. Meg
