“ *To the Dilk Family,*

I was a classmate of Judy in dental hygiene school. I remember that Judy was amazing to those of us who were in our 20's. We marveled how she could manage school with a family. She did that seemingly effortless. I imagine how her patients must have appreciated her caring.

“ My Aunt Judy was one of the heroes of my life! I just wanted to grow up and be like her. I am so grateful for all the things she taught me and all of the memories we shared. She is forever in my heart. I am eternally grateful that God picked me to be her niece. “Because He Lives”

My sweet, sweet Aunt Judy. There are no words to express what you meant to me. There will never be anyone like you. You could simply light up a room by walking in with your smile and humor and grace. I will never forget everything you have ever done for me. You have certainly taught myself as well as many others, how to be the BEST you can be. Always put God first and be kind. I will miss you so much, but will certainly see you again someday. Thank you for everything !! Love You More 🥰
