Judy, thinking about you a lot and remembering when we went to the 500 festival parade, and all the times we went to eat at Metro Diner and Juicy . I am lonely without you because we used to laugh and laugh. I just can see you singing and dancing in Heaven. You are loved forever and ever.

“ *A good friend for more than five decades, Judy, you will always be in my heart. I still remember the first time we met and the party you threw for me on my 25th birthday. Then there were all the fun times we shared when you worked at Sunshine Promotions and beyond. I'll have a Jack & Coke in your memory and make a donation to Coburn Safe Haven Place in honor of you and your wonderful mom, June. Miss you. Love to your family -- Sharon Blair, Portland OR*

“ Hi Judy! I love you so much! In a brand new state from FL to Indy back in 2010, we became quick friends until when we last saw each other in 2018. I missed you and Sassy so much and you gave out so much love to everyone that you saw! I wish I could've been there for you even more after I moved back to FL. I'm so happy that you are finally able to rest. I just wish I could've tracked you down again so that you knew I was still and will always think about you and how much fun we used to have together. You are sorely missed by me and countless others. You and your glitter, magic fairy wands and surprise glitter-shaped hearts and sprinkles were practically on so many people's desk because you loved to surprise people and glitter and wands were your thing! I miss our days of dressing up with your clothes from your beautiful closet and how Sassy would bark and bark before she received her little treats from your kitchen. I will never forget about you and all of our private, one on one e time whether it was for a weekend breakfast, lunch or dinner...or just simply hanging out to chat and catch up. May you forever rest in peace my dear friend. Love Always, Susan Gorski (Ho)
