“ Julie you ate best friend anyone could ask for. You and Kim made me feel at home the while that Sonya & I lived with y'all. You will be missed by all the people whose lives you,touched. I remember I was a horrible dancer and you put on some music and put you body right up behind my body and then you physically moved my kips and arm. It was fabulous. But I was able to dance a little better after that. If nothing else I learned to move my hips. Who else but a friend would take an afternoon to teach someone with two left feet. Will pray for your family, always as I have always felt love for all the 43 years of our friendship. Sorrowly Rosie Rios Foster
