“ *I worked with Karen many years ago. She was always smiling, concerned about others and had a laugh that brought joy to me. I remember her being so excited to get married and build a good strong family. My sympathy to that family. She is sincerely missed from our presence.*

“ I went and helped dad go through some of your paperwork on your desk. I am going to help him go through your clothes soon too. I ordered pizza and we had a good day. Robert got 5 plates out... he is just used to you beeing there. Victoria was starving, but did a great job being patient. I love you and miss you so much.
