“ I was blessed to work with her at DCS. I remember well her stories and of how much she professed her love for Jack her children and grands. She was such a joyful spirit you couldn't help but smile in her presence. I love you Miss Karen, party with the angels.

“ The most altruistic, compassionate, symbiotic, thing that my mother did while alive was work at a gaurdians home and was the recieving arms for hundreds of baby's who were left abandoned.....with absolutely nothing. This made her a literal angel a hundred times over. My mother had a very hard and difficult life, but alchemized every bit of her pain through her compassionate actions and will forever permeate her into the peaceful corridors of light and love..... My artistic talents and ability to weave images came from this beautiful soul and I will forever never forget that. -Your Son (David) .
