“ I’ve been Kathy’s sister for 67 years. I have many great memories. She was always my protector, pillar of strength, advice giver, and someone always ready to have fun. She was a great sister who always included me in her plans. Can’t believe she wanted her little sister on dates and things but she did. I loved going with her so I could do do things older people do. She is already missed. See you on the other side Kathy
