“ *Kathy was my sister-in-law. My sons tell me she was extremely kind to them after my mother died. I did not treat her fairly when she was alive and I deeply regret it. I pray every night that God will forgive me for not being a better friend. I was her maid of honor at her wedding. I wish I had been wiser when she was alive and had recognized her goodness. She was a good person and I did not recognize her kindness and compassion. For that I am profoundly sorry. Sherry Bennett*

“ *Kathy was a wise and compassionate friend. She was my neighbor when we lived in Carlisle, provided childcare for my children and support and words of encouragement to me when I was getting my nursing degree and raising my family. I will remember her warm smile, her compassion for all creatures, and her unconditional love for her family and friends. Rest in Peace and Love, my friend.*

“ *Kathy and I were always like Lucy and Ethel of I love Lucy. We had a lot of adventures together and many fond memories of situations we would get into. We never did anything the logical way so each adventure was unique. We were sisters by blood and best friends in bond and deed. My life will never be the same without her. She sang me to sleep so many nights as a little child and even though she was only 14 months older than I she never stopped being my mother hen even as an adult. Rest now dear sister and I will meet you again in heaven.*
