“ Kevin was my neighbor on Bosart and I remember getting in trouble for playing barber, he let me cut his hair, I stayed with his family when my mother gave birth to my brother.

“ I remember my first day of teaching at Tech -- fall of 1968 --- and Kevin was a freshman in the Algebra class next to the one I was teaching. I don't know who was more surprised --- me or him. He had a hard time remembering not to call me by my first name. His entire family had a great impact on my life at Linwood. I have missed having him to reminisce about those times at Linwood --- it was nice to have someone to talk to that remembered my grandmother and parents.
