TS

“ One of the nicest person I ever met. My name is Teddy Love..I cut het grass for two years..Anytime she needed she would call me and say teddie my trash is ready..mu girlfriend Denise loved listening to her stories. .her ledacy..knowledge..We will always remember Ms. Barrett. .God has Blessed her well.

“ Miss Barrett was my mother's direct supervisor at the Health and Hospital Corporation of Marion County from 1957 until 1977, so I knew her from the time I was about seven until I was about twenty seven. She worked very hard and was very conscientious and the department was very grateful to her for her loyalty. I know she had a strong faith, and I am certain she is at peace now.
