“Honey, we were married for 41 years but we go back long before that. I remember the first day we met in grade school like it was yesterday. It was like magic. We always had this special connection. We shared so many things over the years and did so many things together. You were my inspiration. You were my favorite fishing buddy and my best friend. I'm going to miss you so much. I will always love you. You will always be in my thoughts and we will always have that special connection. Love you always.
