“ Dear John Skip and Bo, We are so sorry to learn of Aunt Lois' passing. She was always a favorite of mine and I remember many fun times with her and you guys when I was just growing up in Michigan. That seems like so long ago as almost all of us seem to be retired now. Carla and I were blessed to be able to visit Lois and take her to lunch when we visited Michigan two years ago. She was still the life of the party. We know she will be missed. Love, Larry, Carla and Lori
