“ Back around 2005, Lucille used to play board games with neighborhood kids, and at the time I was one of those kids. I think I went to her house almost every day for almost two years, and she was one of the kindest women I've met. She played a mean game of Chinese checkers.

*She was always sympathetic to what was going on in my life, and I'll always appreciate what she did for me. She will be missed.*

*Lucille was my first mother-in-law but more importantly she was always my friend thru out these many years. She was a light shining in this world that will be missed. God bless you.*
