“ Memories of Marianne began at Township House School in third grade. Riding our bikes up and down Rawles and Fenton Ave. sometimes got me in trouble! Moorehead School was full of crazy teachers, boyfriends, and sharing each other's clothes. At Warren High School our slumber parties, double dating, and “buzzing” around Laughner's Drive Inn made life special. The KEEZ club had weekly meetings with boyfriends taking us home. I went to Ball State while she chose the work force but we still did family gatherings and met for shopping and food. She was like a family member with the Millers! After marriages she still came to North Carolina for visits and we spent time together viewing her flowers and sitting on her front bench. Memories are to cherish as I will. She loved The Lord. She provided a way to get me to Franklin Baptist Church every Sunday and all the youth activities. Thanks to Marianne I found the Lord. In the end, nothing is more important than our faith in God. Thank you sweet friend! 💕🙏

Marianne and I first met when we went off to 8th grade together at Warren Central High School. Wow! We were 13 and 14 years old and I believe all those uppp erclassmen were not thrilled with us babies. But we knew we were cool! So Marianne please save a seat for us in the golden grandstand and we will join you soon in our blue plaid Bermuda shorts and matching vests.... To watch with you all the exciting games to come.

“ *I have been friends with Marianne for 40+ years. She got my daughter and I into St Luke's which was a life saver for us. Our mothers were friends, our daughters grew up together and we along with Susie went out often looking for single men. Marianne was a life saver for many of us and will be missed beyond measure but God wanted to end her pain and take her to Heaven.*

I am so saddened to see this - I had no idea, 2020 was a really bad year and this really hit me. Marianne and I became buddies at Lauth where we both worked and she helped me get numerous signatures from the big guys... she always made me smile and laugh and was a good hearted woman. Heaven got a wonderful angel for sure - my sympathy to her family - julie
