“ As we think back, there are so many Happy Memories, where would one begin. She enjoyed life to the fullest, always ready to travel and experience new locations. Never putting herself above others needs . . . she had such an infectious laugh, you couldn't help but share the moment with her. I think back on little things, such as how much joy she had in her "baseball" design white tennis shoes . . . So Young at Heart !!! Fred & Lucile happily received you with open arms through Eternity . . . May you RIP Dear Friend, RIP We are truly blessed, you have been the truest Friend one could ever have, and Heaven's blessed with your presence! Miss you and Love you Dearly, your Friends,

“ In friendship and with fond memories of the Dental Materials Laboratory, I have thought of you often over the last few years. You were a good teacher and a trusted associate. I received an above-average education while being an associate in the world famous department directed by Professor Phillips. With sympathy, Charlene Kreiger Gibson, ckgib3@att.net

“ *"You don't get to choose how you're going to die. Or when. You can only decide how you're going to live." Joan Baez*

Marjie, you showed us how to live life as a precious gift. Oh my, what a selfless giver, always putting others before yourself. A trip to your family home in Wanamaker, Brown County, your beautiful lake house, or simply morning coffee on the porch overlooking the grassy hill that Yvonne remembered so fondly as a little girl.

My wife, Patti, tells wonderful stories of your summer trips to Duck Lake (in Michigan), where you would take the Miglio and Miller kids to the grocery store and buy them all the candy a child could imagine. That was a an act of love that is the essence of you, Marjie.

We all rooted for your beloved Butler University as they made their miraculous run in the NCAA basketball tournament a few years back. We wanted it for you because you cared so much. Sometimes dreams don't come true, but who knows, never say never. Farewell wonderful Marjie Swartz.

“ It has been a very long time since I have seen Cousin Margie. However, I do remember her as a very gracious lady. Her passing is a loss to everyone who knew her.

“ My dad called Marjorie his "double cousin" as he was related to her two different ways. I didn't get to see her often as I grew up in Michigan and Minnesota but I have strong memories of rolling down the huge "hill" in front of her house when I was 6 years old. I would have sworn that it was 20 feet high. At least it seemed that way. I was fortunate that I was able to visit with her along with my dad last year.

Dad or Marj would call each other every month to catch up on things. He is going to miss those calls. She was his last link to his childhood and the days that they would roller skate on the porch. I will miss her as well. "Via con dios."

“ Mrs. Swartz was like a part of our family. We had the pleasure of helping Her take care of the lawn for over 40 years. She kept track of our family from the time I was in Junior High(late '60) thru to the present. I have lots of great memories of spending time working with Her to keep everything up to snuff. She was always kind and overlooked our mistakes always telling us it will be fine. She was like one of your favorite Aunts. I was sorry to see Her leave Her home. I know it broke her heart. But, She was always thinking of others and wanted to not be a bother to anyone. I sure miss the visits we had over the years. She was one of the nicest people I have every met and my life has been fuller for knowing Her.
