“Marty was always ready to help the family whether it was providing assistance with your computer or whether he and daughter Donna was purchasing something useful for birthday or Father’s Day. As I recall Marty was the first person to give me the idea of using a blower to remove leaves from gutters. Marty was always ready to help the family whether it was providing assistance with your computer or whether he and daughter Donna was purchasing gutters and downspouts. He also, along with his son Brad, was the first to give me a TV in lieu of a monitor in order for me to be able to see it with my poor vision. Marty and Donna were responsible for buying me a gadget to remove leaves from gutters and downspouts, while standing on the ground I recall Marty saying to me “I will remove the leaves from your gutters cheaper than having to add gutter guards, as planned. I will have Brad get on the house and use the blower to clear the gutters.”Marty could do almost anything. Donna and Brad will soon find out! Nowhere did I mention his automobile mechanic knowledge or his swimming pool maintenance responsibility. As I have said previously, Marty could do it all. He saved lots of money over the years for his family and many others. Marty, the family will sorely miss you!! REST IN PEACE!!

Love, Don & Jean King

“ *Marty was the heartbeat of the Red Bud community. He was a friend and fixer of all things from many days back when Logan was racing. Marty baby sat my son, Alex, and did so many thoughtful things that I cannot imagine our neighborhood without him. We will all miss his positive and happy outlook to life. I for one will have a tough time passing his home and not expect him to come out to say hi and chat about the world. May God speed, Marty. Logan and I will always remember you fondly.*

“ I cannot believe that Marty is gone. He was the person who always took care of EVERYBODY else. He was the true example of what a human being can and should be. I go by your house and feel a big empty place in my heart where Marty would be. I remember him able to do anything; he could figure out how anything worked, and he knew about everything, including neighborhood lore. When we walked our boys to the bus stop in the mornings, I would enjoy chatting with Marty about just anything, and he always had a good word in all of the years since. He talked straight about life, child raising, parenthood, work, and had some wry humor to dispense, too. Our hearts ache for his family. These are such small words, totally inadequate as a tribute to such a fine man. Marty lived a life that was too short. If there were more people like him in the world, we would all be better.  
Sincerely, LISA and PERRY Scott
