“ I am a 55 year old african american woman whose life was truly touched by this magnificent and wonderful woman. You see Mrs. Eller was my 6th grade teacher at school # 71. She made a tremendous impact on my life. She was such an inspiration to me. I truly loved and admired her. I never forgot her ; always wondered how she was, and if she was o'kay.

You see Mrs. Eller did not have a favorite student; she made each and every student in her class feel special. She treated every student in her class as if they were her " favorite". She had a special "gift " for teaching. She was anointed for that profession. I can honestly say that I never had such an exceptional teacher or professor like Mrs. Eller. She was absolutely " the best ". She made learning fun, she made learning easy. She was instrumental in my getting a college degree.

I will never ever forget her, and I am so grateful that her life crossed my path. I thank God that he allowed her to be a part of my life. We truly need more teachers like Mrs. Eller today.

I planned on attending her services today; but unfortunately was not able to come due to unforeseen circumstances. I am so very sad that I could not be there today to celebrate the life and legacy of my favorite teacher. With much honor and respect I humbly submit this to the family. May God bless and strengthened this family in their time of need. You are in my prayers. And I will never forget you Mrs. Eller.

“ *Mary Frances was an amazing part of our family and neighborhood on Stoepelwerth Drive. As she begins eternal life, she will continue to strengthen and enrich all those fortunate enough to have shared her world and been enriched by her warmth and incredible wisdom. She was a life time educator and never stopped learning and teaching. Her generosity took our breath away time and time again. Her fire burns brightly; her legacy stretches on; she is truly holy and forever blessed!*
