“ I met Red when I lived in Indianapolis and was doing a restoration on my dream car at that time which was 1989. My first job out of school enabled me to buy a "rough" 1959 Corvette which needed a frame-off restoration. I toiled through the effort of that while Red built me an engine that was strong a bulletproof. I still have that Corvette and it's with me here in SoCal, and the powerplant is a tribute to his workmanship. Hope that he rests in peace.

Sincerely,
Fritz Eibel
