“ Many people wondered where I got my middle name Melissa Lou it was after my beautiful Aunt Nancy Lou I can't think of a better person to be named after always the last person to arrive at church but always the last one to leave. She was a soul winner always praying telling us about the last days and to be ready to meet Jesus. She was by my side every bit of the way with my mom battling to cancers lymphoma and pancreatic cancer her beautiful sister Mary-Ruth. I used to call them the midnight riders because around midnight they would have already had their naps and ready to go to Walmart for a few hours. My mom and my aunt gave my life lots of joy and happiness. Towards the end my Aunt Nancy looked at me and said I've missed you sister and I simply said I've missed you too. I knew she seen my beautiful mother in me. It always gave her comfort in time of sickness knowing her sister was there to fight her battles and I do believe my mom was there as a guardian angel shining through me protecting her sister and begging her to come home. My aunt was a mother to anyone and everyone I still remember all the home cooked meals she had a way of making people feel at home. Now she is at home with Jesus ❤️
