“ *Niki gave me the greatest affirmation and the best compliment at a time in my life when it was deeply needed, and she had no idea. I wish I knew how this would turn out because I'd have made sure to tell her what that meant to me* ”

“ Going back to 7th & 8th grade at IPS #28 Niki and I were friends before we were family. Then her uncle, Charles Perkins, married my mother.

VIOLA! Cousins!

I tutored her in high school algebra and geometry. She got better grades than me! 🤔 She introduced me to Sherri Doody, the mother of my children ... The jury is still deliberating that! Just kidding! 🤔

I'm proud of her active duty naval service and was privileged that she once stayed with me in San Diego during her two week active duty training while in the reserves. Also proud of her retiring from the Navy as a Senior Chief Petty Officer.

More recently, Niki with her nurse's heart, was a Godsend over the past couple of years helping my mother after a fractured pelvis, fractured femur resulting in a hip replacement and corrective hip replacement surgery. Her help, her time and her patience, were invaluable.

I was stunned by the quick progression from sickness to her passing. Still numb. Everyone says, "Sorry for your loss." But I will say sorry for our loss. I miss her. God rest her soul. 🙏🙏🙏

“ Niki and i have been friends since the 6th grade. She had a mind like a steel trap, remembered all the little details of soooo many things we had done and people we knew. We took many walks down memory lane during our phone conversations in the last year or so. She was kind, and supportive - always in my corner. I could count on her to always be there. I will miss her so. Thinking of you all -
