“ *Two special memories of Patrice I've always cherished. I believe she was about 3 and I was almost 6. Mom and dad bought her a rocking chair with a music box attached to the rocker. I would rock her while she listened to the music and watched tv with her blankie. About 4 years later we were in the basement of our new home at Christmas time. Out of play dough we made a little camp fire replica and sang chestnuts roasting over an open fire. Special days. Love and miss you Trice.*
