“ I worked with Pat at the Indiana State Police and the first day we met, I was so blown away of how kind, caring, and so easy to talk too. We became good friends, she even went with me up north to Amish Country and took me to Notre Dame for my first time. We went to Mass and it was so moving. There was a presence about Pat that made you feel like you had met one very Faithful Catholic. Pat I will miss you my friend and I thank God above for allowing you to come into my life and making such a wonderful impression. I have been a better person since I met you.  
Rest in peace you Angel.

“ I am so shocked and saddened by this news of Patti. I've only seen her at mass a few times, Fortville band reunion and Tim Melloh's funeral. Always nice to run in to her. Such a genuinely nice person. Fly high Patti. God speed🕊️ Kathy Cashman Albers

“ I will miss seeing Pat. I've done her and her mom's hair for years. I always enjoyed seeing them when they came in. That was always a great part of my day visiting with them. I loved her sense of humor, kindness and she was so caring. I will miss my friend. Praying for your family. Big hugs to Janet.

“ My heart is broken and the person I most want to talk to about it is Patti. What a gift she has been to me for over 55 years. She was such a unique blend of smart, funny, kind, constantly good natured, brave in the face of so many physical challenges (most of which she never mentioned, so add stoic to that list)--i.e., all the things I am not; but she was also gracious enough to not point that out! We met through band; she was brilliant of course--I really just wanted to take art classes. But I got one of the most blessed gifts anyone could wish for: her friendship (I'm sure it was just pity on her part, but there you go--that graciousness). Even though I moved thousands of miles away, we talked and visited as much as we could (not nearly enough) and loved talking about and taking pride in the progress of our nieces and nephews. I feel that I know so many of you (rest assured she only ever told me the good things--gracious AND discreet!) and know how much she loved and enjoyed her life with you all, especially her dear Mother. Between the two of them I could not hope to keep up on the sharp wit end of any exchange but what a joyful ride it was just to get to tag along. I am grateful beyond words or tears for that irreplaceable gift and wish all of you all the love and comfort that heaven can provide. Ann White Hannant

“ Pat was a co-worker of mine for many years before her time at the Indiana State Police Department. She was a pleasure to work with, not just because of her amazing ability to get things done, but because of her caring personality and that razor sharp sense of humor. It's been a blessing to me, and to my wife Cindy, to have remained friends with her over the years, which has included a roughly annual meeting at Harry C's, where we would catch up a bit over a sandwich and a tall Bud Light. Maybe two. I know, especially now, that once a year was not enough. We will miss her.

“ So sorry for your loss. Patty was the most caring, loving, funny person. So many memories from high school and band.

We have kept in touch through the years.

She will be dearly missed.

Heaven gained an awesome angel. 🙏

“ I am in such shock to hear of this loss in our family. Patty was the life and laughter of our family. Always there with a smile and her camera to document the important and not so important moments of life. She was like a sister to me and was there in some very important moments of my life. She was always there to lend an ear or a heart or a shoulder.

I will miss you forever Cousin Pat. May God hold you in the palm of his hand.

Love,
