“ Annie I didn't know Patrick only you speaking of your children. But watching this video such a lively handsome boy and changing into the handsome young man. So sorry about this horrible disease that so many have lost their life. Annie this was the most wonderful heartfelt video of memories I cried for you and your family. I know how much you love your children and you have done everything you could to help Patrick with this addiction. I know you will live with this to the end. And for that my heart breaks. Just hold your son ,daughter and grandkids tight and reminisce about the good times and memories. That is a beautiful video. Love Teresa and Larry

“ *This is unbelievable to me, or mostly I just don't want to believe that you are gone. This time last is when I first met you and every encounter that me and you had we were always goofing off or trying to prove someone wrong because we were elite ha. You and Tracey were always butting heads but you two always tried to help each other out whenever you could. You were so many things to so many people. But I admired that you always found a way to check up on me and Tracey no matter how long it had gone without us all talking. You went off and moved to Cali and we never got to say goodbye. I know, you're up there being a history guru and walking in stride as you always did. Rest easy, kid. Love, Daphne & Tracey*
