“ *Thoughts and prayers with Angie, Ben and Will. Their Dad/Grandpa was a great man who accomplished so much in his life especially through his family. He leaves a legacy of a boundary breaking daughter who became an Engineer from Purdue and successfully worked in a male dominated field, who raised amazing sons and still strives everyday to educate herself on something new. He leaves behind a grandson who continues to innovate and create new ideas in everything he tackles. (He can set up your internet too!-thanks Ben). He leaves behind another grandson who is rising above the challenges of the world to become his very best!*

Paul left behind a legacy of amazing people and instilled hard work, dedication and loyalty to all those who knew him.

Rest in Peace.

Much love,

Judi
